Gideon Bergheim has participated as scientist and speaker in the “**Art of Science**” exhibition organised by the doctoral convention of Heidelberg University. The exhibition aimed to communicate scientific projects of PhDs within a broader public. Therefore, tandems of scientists and artists created the content of the exhibition together. The exhibition took place from the **8th to 17th of July 2021**. The executive committee of the doctoral convention thanks Mr. Bergheim for his contribution.
